

Deliveries

INTERNATIONAL

MARITIME

SERVICES PTY LTD

IMS supplies fully qualified crew who comply to all IMO standards for deliveries of vessels to any destination on the globe.

We know that deliveries are complex operations requiring professional attention to detail. We take responsibility for all necessary clearances and permits, charts, crewing, victualling, and bunkering requirements. We employ only experienced Deck and Engine room Officers - all with STCW95 compliant qualifications.

- **Our no obligation, free quotations can include all costs associated with getting the vessel from port to port or we can quote on a daily rate if you prefer.**
- **Post delivery training and type rating of local crews, covering all navigation, operations and maintenance functions can be organized.**
- **If you have a vessel of any size or any description to be delivered anywhere on this globe, then contact us and take the worry out of doing it yourself.**
